REGISTRATION REQUIRED: PLEASE Register early, seating is limited!

What is BNI Member Success Program?

MSP is designed to help new members profit from their BNI experience as early as possible as well as to provide a forum for cross chapter networking between new and experienced members. You will learn how to give and receive referrals thru effective communication as well as receive several tools to make your BNI experience more productive. Training is required for new BNI members within 60 days of membership acceptance. Current members who want to increase their referral productivity can also benefit, and there is no additional fee to attend MSP as often as each member desires.
